Asthma diagnosis in children and young people
Pharmacological management
AIR & MART in children and young people
Acute asthma management

Learning outcomes

By the end of this course, the participant will:

- Apply the BTS/ NICE/ SIGN guideline into practice to consider the diagnosis of asthma or suspected asthma in a child or young person.
- Initiate and titrate treatment to an acceptable level within primary care.
- Consider when to refer into secondary care for further management.
- Consider the role of the Practice Nurse in the post attack review

Additional Information

Prerequisites

Please complete the Children and Young People Asthma Training for Tier 3 providers on the e-LFH.org.uk website. You will need to create a free account. This course will take 7.5hrs to complete.

A cancellation fee will be charged should applicants fail to attend a course and their place is not filled.

- If cancelled 4 to 1 week prior to course – **40% of full cost**
- If cancelled 1 week or less prior to course – **100% i.e. full cost**
- An administration charge of £25 will be added to the cost of courses, where a member of staff has failed to attend.
- An administration fee of £25 will be charged for free courses that are cancelled one week or less, prior to the start of the course. This charge will also apply to any member of staff who doesn't attend the course on the day.
