Let's Talk for Little Ones

Scan this QR code to watch a recorded webinar delivered by Speech and Language Therapists who will suggest tips and hints on developing your child's early communication

Children's Speech and Language Therapy

Be face to face in interactions to support your child to develop joint attention, watching how sounds are made and to observe their communication closely. This video shows being face to face in songs.

Children's Speech and Language Therapy

Encourage your child to show you what they need to help them to initiate communication and use words themselves. This video shows how using actions can help!

BBC TINY Happy PEOPLE

www.bbc.co.uk/tiny-happy-people

Using simple language helps children to understand words and they can try copy too. Watch this video to see how comments can help communication development.

Following your child's lead helps them to stay engaged in the play they enjoy for longer. This video shows different ways to play.
