

Home Care Decisions App

Supporting Decisions by ALL Care Home and Care at Home Staff

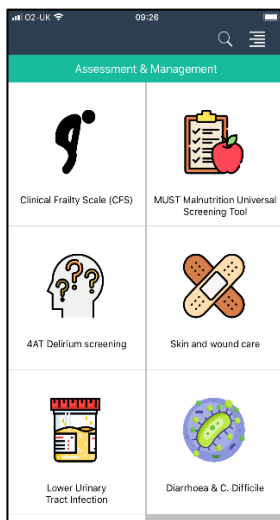

<http://homecaredecisions.scot.nhs.uk> OR search **Home Care Decisions** on app stores

This app is provided **freely** to **all** care home and care at home services in Scotland, as part of the national decision support programme funded by Scottish Government.

It delivers easy to use guidance and practical tools to support careworkers in:

- **Delivering day to day care**
- **Communicating with the wider multi-professional team**
- **Learning and personal development.**

'The app was full of useful hints and tips regarding all communications and daily challenges we face but are maybe not prepared for.' (Careworker feedback on pilot)

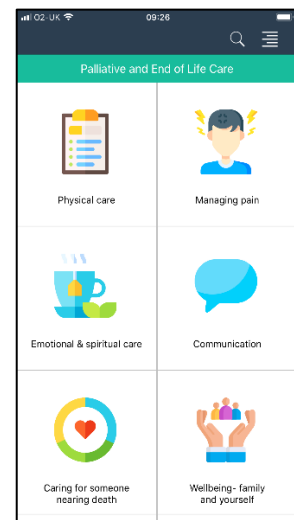

The app gives you two toolkits:

Care assessment and management

- Clinical Frailty Scale
- 4AT tool for delirium screening
- Malnutrition Universal Screening Tool
- UTI symptom assessment

Palliative and end of life care

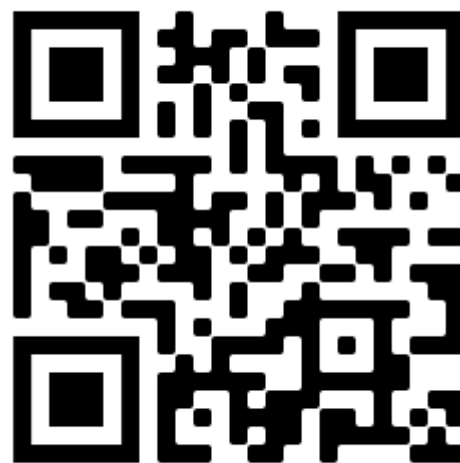

- Physical, emotional and spiritual care.

UK CA marked, quality and safety assured
