How we can help:

- **Complex care:** We offer short notice crisis support and longer-term care for individuals with complex physical and neurological conditions. Our nurses are equipped to handle clinical interventions such as respiratory support, tracheostomy care, PEG feeding, and more.
- **Mental health and learning disability support:** Residents and service users with specific mental health conditions and learning disabilities receive specialised support from our experienced team.
- **Bespoke solutions:** We offer tailored staffing packages to meet the specific needs.
- **Rapid response:** We're available 24/7 for urgent staffing solutions.
- **Clinical expertise:** Clinical leads are available for consultations, calls, and family meetings for holistic care.

Why choose the Scottish Nursing Guild?

- **30 years** of experience
- **Rigorous recruitment process**, ensuring you receive only the highest quality staff.
- **Nationwide coverage** – no matter how remote.
- **Compassionate and person-centred care**, beyond local regulations and guidelines.
- **No minimum booking requirement.** Use our services only when needed.

We're here for you, 24/7
